

Edinburgh Cyrenians Farm Enterprise

An Organic Farm with a Difference

Cyrenians Farm is a small community enterprise located just outside Edinburgh. As well as growing delicious organic [fruit and vegetables](#) and cultivating livestock, the Farm is also home to a community of vulnerable young people, many with backgrounds of homelessness.

Helping People to Grow

Our unique approach to [residential care](#) helps young people to develop their skills through training and ongoing support. Over 80% of our young people say that their experience at Cyrenians Farm improved their self-confidence, self-esteem, motivation and ability to manage their own lives.

What the The Naturesave Trust funding will be used for

The money (£750) we have been given from The Naturesave Trust has been used to extend our apiary with 4 more hives. This is an extremely valuable addition to the farm. Not only in terms of direct financial gain from honey sales but in terms of the value of bees as pollinators in our young orchard.
